EXPERIENCE

February 2020 – July 2020

Common, New York, NY | Architectural Designer
Lead Project Manager for multiple ongoing projects of varying sizes
Strategized efficient and user-friendly layouts using the co-living product
Researched end-user satisfaction to update and revitalize the co-living product
Reviewed Common's Brand Standards with the client and made changes per the client's end-user needs
Ensured the project was on schedule and budget while being an advocate for Common's Brand

July 2018 – September 2019

Dattner Architects, New York, NY | Architect
Lead designer during all stages of design for a 22,000 square foot renovation
Researched user information to inform design decisions
Implemented client programmatic needs on a project basis
Maintained project budget by working with the Cost Estimator and Vendors

July 2017 – July 2018

STAT Architecture, New York, NY | Project Architect
Evaluated the current user experience against our end goals for the project
Led design and coordination of thirty-unit apartment building
Integrated resident needs to new building designs
Spearheaded existing drawing documentation of four multi-family residences of varying sizes

December 2014 – July 2017

Studio Joseph, New York, NY | Project Manager
Managed permanent and temporary exhibitions through all design phases at the Museum of the City of New York
Integrated consultant's digital design strategies into the choreography of the exhibits
Collaborated with curators to ensure clear user understanding of New York City history
Kept client abreast of project progress through presentation drawings and renderings

Fall 2013, Spring 2014

SCI-Arc, Los Angeles, CA | Teaching Assistant
Prepared and delivered one lecture per semester on topic of my choice
Managed attendance and grades for the Instructor

Summer 2013

Perkins Eastman, New York, NY | Architecture Intern
Designed schematic options for charrette
Clarified and simplified existing drawings for publication

Summer 2012

Wolf Architecture, Los Angeles, CA | Architecture Intern
Furthered the owner's design intent using parametric modeling
Managed office expenses

September 2009 - April 2011

AWL Industries, Inc., Brooklyn, NY | Project Engineer

Represented AWL at site meetings for projects with the Department of Design and Construction and Dormitory Authority of the State of New York

Managed mechanical work through preparation of RFI's, Change Orders, and Submittals

Produced shop drawings for steel fabrication

EDUCATION

September 2017

License in Architecture, New York

September 2014

Southern California Institute of Architecture, Los Angeles, CA

Master of Architecture, Graduation with Distinction

Winner of 2014 SCI-Arc Gehry Thesis Prize

Recipient of 2013-2014 SCI-Arc Continuing Student Scholarship

Recipient of 2012-2013 SCI-Arc Continuing Student Scholarship

June 2009

Princeton University, Princeton, NJ

B.S.E. Civil Engineering with Architectural Focus

Senior Thesis: A Study of the Manhattan Bridge: the discovery and rediscovery of New York City

PROFICIENCY

Digital

Sketch, InVision, Figma, AutoCAD, Revit, Rhino, 3DS Max, Maya, Vray, Maxwell, mental ray, Grasshopper, Google SketchUp, Adobe Creative Suite, Microsoft Office Suite

Physical

3D Printing, CNC milling, museum board, foam core, styrene, basswood

PROJECTS

BCC Express, Bronx Community College, New York, NY

With Dattner, was the lead architect during the Schematic Design, Design Development, and Construction Documentation stages.

Worked with the Structural Engineer to confirm a strategy for supporting the new entry in the existing structure.

Researched LU/LA and Elevator options to keep the project on budget while accounting for space restraints.

Developed diagrams and renderings to convey our concept to the client.

Dorie Miller Cluster, West Harlem, New York, NY

With STAT Architecture, joined the project during the construction phase of a gut rehab of four multi-family residences throughout West Harlem.

Led weekly site meetings to ensure the project was moving forward and the client's needs were being met.

Prepared and coordinated PAA's for last minute changes.

Ridgewood Bushwick Cluster, Bushwick, Brooklyn, NY

With STAT Architecture, joined the project at the beginning of design for six new multi-family residences throughout Ridgewood and Bushwick.

Developed drawing sets for HPD and BLDS approval, including communicating with HPD to ensure approval.

Direct communication with the client regarding their needs for each building.

Jacob Riis: Revealing New York's Other Half, MCNY, New York, NY

With Studio Joseph, designed and managed the 2,600 sq ft exhibition through all project phases.

Collaborated with the contractor on construction techniques of artifact cases for ease and swiftness of installation in two week window.

Portrayed the story of Jacob Riis through design elements, winning an SEG D Merit Award for outstanding design.

Private Residence, New York, NY.

With Studio Joseph, developed design and construction drawings for both ease of client understanding and contractor construction.

Collaborated with an expeditor to ensure all elements of the project were filed and organized according to government regulations.

Developed project data sheets for zoning analysis and prepared drawing sets for Department of Buildings review.

Kings County Criminal Courthouse, Brooklyn, NY

With AWL Industries, attended weekly subcontractor meetings, updating general contractor and client on the progress of mechanical work while minimizing working conflicts with other subcontractors.

Created payment applications for union labor submitted to the Department of Design and Construction.
